2008 International Conference on Creationism Call for Papers

CSF is proud to join with the Institute for Creation Research, ICR, in announcing the Call for Papers for the Sixth International Conference on Creationism to be held 4-6 August 2008, in San Diego, CA. The theme of the Sixth ICC is again **Developing and Systematizing the Creation Model of Origins**, making the Sixth ICC also a "working" conference.

The interested author should write a 500 word abstract of his/her paper as a Word document, categorize it according to the area classification below, and submit a copy **no later than 31 October 2006** as an attached file to an email to the Dr. Andrew Snelling, Editorial Board Chairman, at aasnelling@ozemail.com.au. Early submission is highly recommended.

Each submitted abstract will be evaluated by the Editorial Board Chairman in consultation with the Area-Editors responsible for the technical review process for possible inclusion into the review process. If accepted, the author will be sent an email from the Editorial Board Chairman **no later than 31 December 2006** detailing acceptance of his/her paper and the Area-Editor to whom his/her paper has been assigned, along with the Technical Review Process Overview and Procedures and Instructions to Authors documents dealing with the review process and the format of ICC papers respectively as attached files. The author will then submit his/her paper to the designated Area-Editor **no later than 30 June 2007**. The Area-Editors will then send each paper to referees, work with the author to improve his/her paper, and have final jurisdiction over the acceptance or rejection of each such paper. Final drafts of all papers, including any revisions, are to be in the Area-Editor's hands **no later than 31 January 2008**. (These dates are firm!)

No meeting in July

October 17 Speaker: Dennis Wert
Topic to be announced

CSF North

No meeting in July

Please mark Tuesday evening, **September 19th** at 7:00 on your calendar for the next CSF North Quarterly event. We have the good fortune of welcoming **Dr. David Menton** back to Pittsburgh. The meeting will be held at Cornerstone Ministries (Export, PA) with Pastor Donn Chapman host of the Cornerstone TV program "Origins". This will be quite a treat for all who attend. Topic to be announced.

Papers dealing with the age of the earth/universe must be from a young-earth perspective. Papers from an old-earth/old-universe perspective will not be considered.

The Conference theme is partitioned into major themes, and each theme is divided into the following areas overseen by Area-Editors:

Theme I FOUNDATIONS OF SCIENCE

Areas:

- (1) Biblical Models and Hermeneutics
- (2) Mathematical and Logical Models
- (3) Philosophy of Science

We Get E-Mails

In the feature article of last month's issue of Origins Insights mention was made of Creation Magazine as a resource. CSF received the following e-mail in response and it is provided here as information for readers of this newsletter.

Dear past correspondent

Hi. My email address has changed and is now AndrewL@Creation.info. The organization I work for changed its name to *Creation Ministries International*, and we have a new website <<http://www.Creationontheweb.com>> and new email addresses.

Our two main periodicals, to which I highly recommend subscribing, are still available worldwide:

- *Creation* is a glossy full-colour family magazine that refutes evolution, and gives scientific answers to defend the biblical worldview. It upholds the true history of the world as found in Genesis. <www.creationontheweb.com/content/view/3871>. The March issue has a free book offer.
- *Journal of Creation* (formerly *TJ*) brings in-depth, peer-reviewed comment, reviews and research relating to origins and the biblical account of Creation, the Flood and the Fall. It is a favorite for those who want in-depth information <www.creationontheweb.com/content/view/3873>.

Subscribers in the US who wish to continue receiving *Creation* magazine and/or *Journal of Creation* will need to re-advise us of their address details because the organization that was distributing these periodicals in the United States is no longer doing so. US subscribers may not realize they have stopped receiving these subscriptions.

Many hundreds of articles from past issues of *Creation* and *Journal of Creation* can be found in the 'Frequently Asked Questions' index on our website, grouped alphabetically by topic (Genesis, Genetics, Geology, etc.).

Yours sincerely

Andrew Lamb
